

surprisingly wearable: the waiter jacket

This isn't a dress like any other—lacking wide lapels, but the modest 's is a great raw proportion (wide shoulders and a cropped cut), and once you try it you'll look like the boss. As editor at large Gigi Levina found out, it's a total hit but stay cool over summer's wacky dresses.

so british!

London-based designer **Sara Berman** and her sister Amie are masters of a sweet, slightly offbeat-chic look, which this dress sums up perfectly: A just-short-of-kiss palette makes the old-fashioned floral print modern; the bare top is nicely tiny. Perfect for a party, but we would't give second thought to putting a jacket over it and taking it to the office.

so french!

It's the details that make the pieces from Parisian line **Erotokritos** so great: This tea-length dress has a surprising color, shined shoulders, and a draped and sashed drop-waist—all things that sound like they'd be wrong together, but turn out to be absolutely right. And we particularly love the exact-of-the-moment art nouveau neckline.

- 1 Charmingly abstract jewelry—we love the '70s feel of these little owl eyes.
- 2 A shiny, does-it-all balm: Gorgeous on eyes, lips, and cheeks.
- 3 Possibly the most refreshing shower gel ever.
- 4 Wispy, sparkly, fringed earrings are too much—in the best possible way.
- 5 So perfect: A breezy, brightly printed summer dress.
- 6 This sexy embroidered lingerie set couldn't be prettier.
- 7 A rose-scented candle that smells great and comes with royal credentials.
- 8 Chunky, retro sneakers—in the coolest, deepest red.
- 9 Shimmery, sweet-to-the-taste gloss in a wildly chic case.
- 10 A high-tech, must-have satellite radio with a sleekly pared-down design.
